### To fry Applepies

PERIOD: England, 17th century | SOURCE: A True Gentlewomans Delight, 1653

To fry Applepies.

Take Apples and pare them, and chop them very small, beat in a little Cinnamon, a little Ginger, and some Sugar, a little Rosewater, take your paste, roul it thin, and make them up as big Pasties as you please, to hold a spoonful or a little lesse of your Apples; and so stir them with Butter not to hastily least they be burned.
